

Visual Companion
for
Cushing's Handbook
Cone 9-10 Glaze Recipes

This document was created in 2018 by the Grinding Room at Alfred University as a visual companion to Cushing's Handbook.

Great effort was taken to replicate the original glazes. Minor variation is expected as some of the materials listed are unspecific and other materials are no longer commercially available.

<u>Material Listed</u>	<u>Material Used</u>
Ball Clay	OM-4
Clay	EPK
K-200	Mahavir
Kona F-4	Minspar
Potash Spar	Custer Feldspar
Frit 3185	F-367
Lithium Oxide	Lithium Carbonate
Macaloid	Veegum
White Bentonite	Veegum
Mason Stain 6204	Mason Stain 6263
